**Student Drivers Passenger Application**

Dear Parents,

Your child has been given permission to drive to school. For liability reasons the school must have on file a list of students who are permitted to travel as passengers in your son/daughter's car, if permission is granted in writing by their parent/guardian as well. **This list must be in the same handwriting as the parent/guardian who signs the completed application.**

**LIST OF APPROVED PASSENGERS**

As parents, it is your duty to stress upon your son/daughter the liability and responsibility they carry when other students are their passengers.

Names of all passengers must be indicated on the application. Each passenger who is not an immediate family member, must also have written parental permission specifically naming the student driver with whom they will be riding. The passenger permission note(s) will be attached to the student parking permit application. **NO PASSENGER MAY BE TRANSPORTED BY A STUDENT DRIVER WITHOUT THE APPROPRIATE NOTES ON FILE.** Transportation of other than approved passengers is grounds for driving (and/or passenger) privileges being suspended or revoked for both driver and passenger(s) involved.

I/We, as parent/guardian, accept full responsibility for the behavior of the above named driver while traveling to and from school, and while traveling on school property. I/We have read and understand the accompanying driving regulations and consequences.
